Ugborough Fair update – Rowan Martin

Due to the postponement of the final lifting of COVID restrictions we've sadly had to postpone the fair to later in the year, but we're determined to have a 2021 event in some form. We're currently deliberating over the best date, taking into account other village events and everyone's availability. A new date will be announced as soon as it's been pinned down, so keep an eye out for news on "the Bugle", Facebook page and village website. Thanks to everyone for their patience as we figure out the best way forward!

St Peter's Church, Ugborough GIFT DAY APPEAL 2021

Our Traditional Appeal for Donations

this year has particular urgency.....

After a year where the Pandemic has stopped us in our tracks, the church has particularly suffered financially - with the inability to hold regular services or to Fund Raise effectively, our income has been drastically reduced.

Traditionally, Parishioners have given generously to the Church around St Peter's Day, June 29th, to help with the sheer upkeep and day to day running of this historic Grade 1 listed building which dates from 1121, and stands majestically over Ugborough Square for all to enjoy.

The PCC has been grateful to our regular contributors, to the Hughes Family in particular for their valiant Fund Raisers in the last year – and to all those who donate in response to Juliet's Bread Gifts..... but even so the burden of day to day running costs – which include a donation to the Rector's stipend, maintaining the building and insurance is becoming prohibitively expensive.

If you would like to contribute, then we would particularly welcome a cheque or BACS payment.

Should you be moved to make a longer-term regular commitment to St Peter's, by way of a Standing Order – or indeed through the Parish Giving Scheme (PGS) then this would be particularly welcomed. The PGS works as a direct debit but has the advantage of collecting the Gift Aid for the Church within days of the donation.

Please make **Cheques** payable to Parochial Church Council Ugborough, and post/deliver to me. Sue Johns, Dunwell Farm, Ugborough, Ivybridge, PL21 0HL
suejohnsdunwellfarm@gmail.com 07889 737967

BACS: Lloyds Bank: Sort Code 30-94-58: Account: 00096503

If donating by BACS, please reference Gift Day and if you are able to Gift Aid your gift, please e mail me accordingly with your name and address including postcode and authorisation.

For the **PGS**, to set up a direct debit please ring **0333 002 1271** and reference St Peter's, Ugborough. Parish Code 151505631

Erme valley riding for the disabled- *Peggy Douglas 07882286421*

Our normal coffee morning week has a new format due to Covid restrictions.

Please join us at The Brook for coffee and cake and/ or raffle tickets –

Monday 5th July from 10 a.m. until 3 p.m.

Wednesday 7th July from 10 a.m. – 2 p.m.

Thursday 8th July from 10 a.m. – 2 p.m.

Saturday 10th July from 10 a.m. until midday

Or phone me and I can deliver cakes and raffle tickets to you.

We are now on the very short list for the SEIB RDA Centre of the Year presentations.

These were meant to be at the end of June but are now postponed until September.

Finally our AGM is on 22nd July. We are unable to have our usual BBQ and the maximum number we can accommodate at The Brook is 30, so please phone me to book your place.

Riding resumes the 2nd week in September. Welcome back!

Ugborough Open Gardens 2021- *Helen Hart and Sue Johns*

Are you ready to show off all the hard work you've been putting into your gardens during Lockdown? Well now's the ideal opportunity as we bring you news of our Open Gardens event to be held on **Sunday 8th August, between 2-6pm.**

Yes, it's time to dust down the greenhouses, weed the rockeries, get the lawn clippers out and prepare to share the delights of your gardens with your neighbours in the parish.

If you would like to take part by opening your garden to other parishioners, or would like to find out more on how you can be involved, please contact either Helen or Sue.

hmhart@sky.com

suejohnsdunwellfarm@gmail.com

Depending on any Covid restrictions in place at that time we hope to be able to offer cream teas in one or two gardens, so if you'd be happy to offer refreshments, please do let us know.

Entry to the Open Gardens will be by programme priced at £6, available from the church from 1pm on the day of the event.

Obviously, this is all subject to Covid guidelines and we will be doing a full risk assessment beforehand should there still be a need.

We are now in the last few weeks of the summer term, which means we will soon be saying goodbye to some of our lovely children who will be going to school in September. The children and staff alike are looking forward to a well-earned break on what has been a busy term.

Preparations are well underway for UGFEST which has been scheduled to take place on the 11th of September, providing restrictions are lifted.

Meanwhile the children have been greatly enjoying the warmer weather, especially at forest school.

As our sports day was cancelled last year, we are very much looking forward to hosting our preschool sports day on 9th July.

We have now been in talks with moving forward with the plans to build on the school grounds. We will need help to fundraise, so anyone who would like to join our committee and help please get in touch with Leanne or Tania.

The Preschool is still open to new faces, so if your child likes a diverse range of playing inside and exploring the great outdoors then come and see us at Ugborough and Bittaford Pre-school. You can contact Tania for further information. The children have welcomed a few new friends to the Pre-school and have enjoyed showing them around, but there is space for more.

What's happening in the Ugborough Burial Ground?

– Susan Williams

The Parish Council has agreed that the Greener Ugborough Parish's Wildlife and Biodiversity Group can manage 0.5 acres of the Burial Ground to

enhance wildlife. We have carried out an initial survey of flora and fauna, which was very promising. Footprint traps revealed evidence of hedgehog and small rodents. Pitfall traps that had been buried in the soil overnight were found to contain many 'creepy crawlies' that had fallen in. These included millipedes, true bugs, ants, harvestman, spiders, and beetles, which we then released. Sweep netting added more Beetles, Grasshoppers and Crickets to our list. All that we have recorded can be found on the i-Naturalist App in the Ugborough Wildlife Project.

The site has lots of rough grassland, which is ideal habitat for Field Voles providing cover for their tunnels and nests, which in turn supports owls and other birds of prey. A resident tawny owl has been caught on a wildlife camera already and a Buzzard is regularly seen circling overhead. There are also areas which show great potential as wildflower meadow, with Yellow Rattle, Greater Birds Foot Trefoil, Catsear, Sorrel, Rough Chervil and Angelica. Yellow Rattle is loved by meadow-makers because it is a hemi-parasite, producing its own food through photosynthesis but also scrounging nutrients through the roots of the grass that it parasitises. It thins the grass enough to allow other flowers to germinate and reach the sunlight. It is also a favourite of bumblebees. We will be adding more Yellow Rattle seeds amongst others, that are very kindly being donated by local meadow owners, in the Autumn. One amazing find was a Southern Marsh Orchid. Who know what might pop up next?

We have quite a few things planned for the future. We will be doing additional surveying later in the Summer, which will include trees and hedgerows. Invasive species will be tackled starting with Bracken removal. We are making information signs to explain to visitors what we are doing. Also, we are hoping to borrow a moth trap and are very excited to see what we will catch.

Would you like to get involved with this project? Please get in touch for more information greenerugp@gmail.com

Beacon Federation - Executive Headteacher - Mrs. Karen Dixon **Ugborough Primary School.**

Unfortunately, the government's decision not to go ahead with the planned end to Covid restrictions on 21st June meant a re-think of our plans for Sports Days. The Sports Day will still go ahead, and all children will take part, but sadly we can no longer invite any spectators to attend as we had hoped.

Restrictions are now due to end on 19th July, which is the start of our final week at school. Mr Kellas is planning events that week for our leavers and will communicate these to parents in the near future. The last day of term for pupils is Thursday 22nd July.

Rainfall at Shellwood Hill *George Arnison*

After an exceptionally dry April, we had an exceptionally wet May...in fact by far the wettest May in my 12-year record, in which I recorded 221.5mm (almost 9") of rain at Shellwood Hill. This was far in excess of the monthly average of about 78mm. Miserable!

Beryl's Bookworms – Sharon Hughes

For the first time in many months Beryl's book group were able to meet face to face again and for once the weather supported this too! We missed those who couldn't make it for various reasons, but it was great to see those who could and raise a glass, courtesy of Jane Johns, to being back together, albeit in the garden.

This month's book choice was Mrs Benson's Beetle by Rachel Joyce. The book was a complete contrast to last month's read, Hamnet, and the general light-heartedness of it was welcomed by most.

The story is a fairly unbelievable one about two women in the 1950's who travel to New Caledonia together in search of an elusive golden beetle. However, what makes the actual storyline about finding the beetle less important, is Joyce's way of drawing the reader in to the backstory of the protagonists, Enid and Margery and their developing friendship.

As with any good read there are twists and turns which provide surprise but running alongside is the credibility of how life was for women in the 1950's and how friendships start from unlikely situations, which some members of the group felt they could completely relate to.

Joyce adds in another main character to this story, a former POW, Mr Mundic. The group, like many of the online reviews, felt he was an unnecessary sinister character which gave the book an unwanted dark side.

Everyone loved Joyce's humour and the sort of lines such as 'Dolly who is a sweet woman whose intelligence was saved for special occasions' really amused everyone.

After sharing some of the hugely positive online reviews of Mrs Benson's Beetle and the extremely complimentary comments of other well-known authors with recommendations to read it, we looked at some Book Group questions.

The straightforward factual questions got everyone chatting but there was a noticeable reluctance for all but one member of the group to fully admit whether they felt their personality was more aligned to Enid or Margery. This member told us some funny stories of why she was more of an Enid back in the day, which really added to the evening!

Everyone felt that laughing, as we were at this point, would not have been the same on Zoom and again felt really happy to be back together. The other thing sorely missed whilst meeting virtually was the tea and cake! This month we were treated to Val's chocolate and strawberry buttermilk cake, which was thoroughly enjoyed by everyone as we watched the sunset under blankets which Jane had kindly doled out with the tea and coffee.

The average score by the contributing 11 members of our group was 3.8, which was just below the average score of 4.2 on Goodreads by their 11,000 reviewers! So overall a recommended read.

Our next book is Redhead by the Side of the Road by Anne Tyler.

Your Stars Tonight. In these days when one has to queue to climb Snowdon – and even more absurdly - to climb Everest – I found reading the biography of Maurice Wilson came as a breath of fresh air. *The Moth and the Mountain* by Ed Caesar describes the tormented and heroic life of a minor character in the history of Everest, who is usually considered a basket case and failure.

Maurice Wilson typified the generation whose lives were tainted by the experiences of the trenches in the First World War. In the last months of the war at Ypres and at the age of eighteen he was hit by three bullets. He was invalided out of the army with what would now be diagnosed with Post Traumatic Stress Disorder. The “peace fit for heroes” was as empty for him as so many of his wartime colleagues and he tried to give meaning to it when in 1934 he decided to be the first to climb Everest – solo and without oxygen.

His mountaineering experience was limited to the Yorkshire Moors – but Maurice prepared himself by a little winter climbing on Ben Nevis. The secret of his Everest success would be that he would fly from London and land his plane on the Everest’s North Col at 22,000 feet and walk to the summit from there. That he had never been in a plane, let alone piloted one, was no major problem – he proceeded to take flying lessons and bought a Gypsy Moth biplane which had a range of 500 miles on a full tank. As for navigation – a compass on the knee and torn out pages from a World Atlas would suffice. His efforts to gain newspaper sponsorship brought him to the attention of the British Government who were less concerned with the Health and Safety issues than they were with their delicate diplomatic situation with Nepal and Tibet.

By this time, I am rather rooting for Maurice – he is breathtakingly bonkers yet admirably sane as he navigates across France and Italy and then along the North African coast to reach Egypt. At this point the British Government gets seriously nasty and prevents him (unsuccessfully) from buying fuel and refuse permission to fly across Persia – so he detours across Saudi Arabia and around Yemen, eventually arriving in Northern India, where the authorities impound his plane. Undeterred Maurice hires three Sherpas and disguised as a Buddhist priest he walks 300 miles to the base of Everest. He had neglected to bring crampons to aid climbing on ice fields but manages to conquer the notorious Rongbuk Glacier in his faithful army hob nail boots. Doggedly he reached 23,000 feet before his (almost) inevitable death in a blizzard.

Perhaps none of this would have happened if his demons had been asswaged by a spot of Mindfulness Therapy. I recommend lying back in a reclining chair on a warm, clear and moonless night and just let the Milky Way float gently into sight as your eyes adjust to the darkness. Take your time to pick out the summer triangle of three bright stars, Vega above, Deneb to its left and Altair below to the South. Let your eyes drift down the Milky Way towards the southern horizon and see if you can spot the moon size haze of the Small Sagittarius Star Cloud. The constellation of Sagittarius (The Archer) is just above the horizon and used to be represented as a centaur firing an arrow from his bow. Modern astronomers have downgraded this image and now describe it as “the Teapot” – and yes - I have to admit that it does look like one! It even has steam coming out of its spout which is the faint haze of light from the Large Sagittarius Star Cloud. You are now looking at the very heart of our own home galaxy made up of 100 billion stars. Alone to Everest and 100 billion galactic neighbours – there is something to ponder upon – but I recommend a warm blanket to keep the circulation going while you do it.

The June meeting was the first face-to-face meeting since March 2020, and it was lovely to see everyone in person again. One of the items on the agenda was a 'Call for evidence' on remote meetings, and the Parish Council considered arguments *For* remote meetings: Could be attended by Councillors who were away or parishioners physically unable to attend meetings; More effective dissemination of information at meetings; and *Against*: Not democratic as depends on adequate internet; Face to face meetings better if achievable. Hybrid meetings, with a combination of remote and in-person attendance, were preferred.

County Councillor Dan Thomas submitted a report introducing himself after his election success. His first task is to discuss requests from GUp and the Parish Council for speed restrictions in Bittaford and Ugborough and along the B3213. Tributes were made to Richard Hosking for his service as County Councillor.

A Parish Councillor vacancy has arisen following the resignation of Matt Fairclough-Kay, who has moved away, and thanks were extended for his contribution to the Parish. It is hoped to fill the vacancy at the July Parish Council Meeting and, if you are interested, please contact the Clerk or Chairman Joan Fletcher.

This is an opportunity to get involved in issues which affect you and your Parish. Meetings are held once a month and training is available

The 2020/21 Audit statement was approved, and is displayed on the website and noticeboards. Over the last year, receipts amounted to £36,610 and payments £28,552, leaving us with a very healthy surplus of £8058. Pride always comes before a fall and, having received a glowing report from our internal auditor, Cllr Holway noted a discrepancy in the 'Other expenses' for 2019/20. Bother!

Bittaford playpark is nearly renovated. The new equipment has been installed and has already received very positive feedback! However, the seesaw still needs repair, and the Parish Council will be installing an additional picnic bench. As I write this report, I have been advised of yet more vandalism – this time to the lower gate and fence – and we have only just completed repairs from the last spate of vandalism!

Correspondence I have received over the last month:

Report Crime Online - dc.police.uk/reportcrime, or Email 101 - 101@dc.police.uk

2. Connecting Devon and Somerset have launched a Mobile Booster Voucher Scheme for those living in a rural community with a poor indoor mobile coverage. Businesses and households can apply for an £800 voucher which can be used to buy a mobile signal booster from a registered scheme supplier to improve 4G coverage. Saturday 11th July - Memorial bike ride for Ken Middlemiss 1959-2018

One of our founding members was Ken Middlemiss, who sadly died in 2018 after being hit by a van while out on his bike. Ken was very much the founder of the Yealm Rouleurs Cycling Club, and many of the original principles we observe today such as inclusivity were championed by him.

The Yealm Rouleurs have organised a repeat of the commemorative ride we did in 2019. The ride is on Saturday 11th July 2021 from Yealmpton. A long ride will start at 8 AM from the Yealmpton Post Office, picking up other riders at Ermington Primary School Car Park at 8.20. This will be a normal Yealm Rouleurs ride – 25-35 miles at 13-14 mph. We will return to Yealmpton for coffee at Nellies and leave again at 10.30 for a coastal loop to Newton, Noss, Battisborough and back to Yealmpton via Dunstone. This will be a family friendly ride for 12+ year olds (with parents please for under 18s) covering 13 miles at 10 mph.

We will also collect money for Headway, a charity who supported Ruth and Ken. www.headway.org.uk/

Please RSVP to let us know if you will be attending either ride. If the weather is against us on the day, we will postpone for a week and let all know/update Facebook.

yealmrouleurs@gmail.com or <https://www.facebook.com/yealmrouleurs>

Yours in sport, as Ken would have said

Saturday 3rd July - Do you squeak when you pedal? Free bike maintenance day

Bike in need of some TLC? Ahead of the memorial ride for Ken, members of the Yealm Rouleurs Cycling Club are running a free bike maintenance afternoon on Saturday 3rd July outside the Men's Shed on Torr Hill, Yealmpton 1200-1400. Pop in at any time with your bike and any issues and we will mend it if we can or advise accordingly. We can fit parts too if you have them. Open to non-members; kid's, road and mountain bikes.

Yealm Rouleurs are affiliated to British Cycling and all activities adhere their covid guidelines.

This is a **fundraiser** for the restoration of the **Tower & Bells Fund**. **Chris Walker** has agreed to stay on after the afternoon gig to fill St Lawrence with the vibrant sounds of gospel jazz which they have performed for BBC Songs of Praise. The audience will be given song sheets and encouraged to sing along too. In case you need any encouragement to enjoy this amazing experience - The **Modbury Gospel Singers** will be there in force to raise the roof and raise our spirits. The musical acoustics of the church will make this an unforgettable experience. Such a large jazz band has probably never played in the church before.

JAZZ COCKTAILS - Saturday 7th August 2.00 pm for Cocktails & Canapés and the jazz band starts at 3 p.m. with two 45-minute sessions. Guests are encouraged to bring a sharing platter of canapés to add to the buffet table. £20 per ticket for the **Tower & Bells Fund**. Cocktail bar manned by ex- Burgh Island aficionados, **Gary McBar** and **Hans van der Heiden**. Cocktails sponsored by **Steve Chapman (Fryer Tucks)** and the **Huntsman**. The band (**Jazz Cocktails**) is a regular vintage band that plays at Burgh Island too. Miriam is donating her own services to the cause. You will love this wonderful vintage jazz.
