### **Ugborough Sustainable Saturdays – USS AGM – Juliet Collis**

USS AGM was held on Saturday 22<sup>nd</sup> October after the morning's USS. USS has now been back for over a year as we resumed in September 2021 having stopped during the pandemic. For the year to August, we had 20 USS sessions which generated sales of £15,800, including £600 of café takings. A total of 27 different stallholders took part, selling food, plants and crafts, all of whom either live in Ugborough or the surrounding parishes. USS makes a modest surplus from the café which was ploughed back this year into the village by way of a donation to the Newsletter Fund, a contribution to the parish website (Ugborough.com) and USS supports the Village Hall through the hirings on Saturday mornings.

USS has a really good buzz about it, as people come in to either just meet up, have a coffee, a bacon buttie or buy something that has been locally produced.

We welcome new producers and this Autumn have been joined by Olivia from Spindle Wood Farm with their chicken, the Pickstone family with their very locally produced honey and Twm and Lewis who produced and sold milkshakes for charity.

USS dates for November are: Saturday 5<sup>th</sup> and Saturday 19<sup>th</sup> from 10 a.m. to 12 noon. If you would like any further information, please contact us at [ugboroughss@gmail.com](mailto:ugboroughss@gmail.com)

### **Ceremonial Flying of the Flag – Gareth 'Taff' Jones**

In Ugborough, the flying of the Union flag on ceremonial occasions has a long tradition going back to when the first flagpole was erected to celebrate the accession of King Edward VII in 1901. In November it will be flown on the following dates-

<b><u>Sunday November 13<sup>th</sup></u></b>	<i>Remembrance Sunday</i>
<b><u>November 14<sup>th</sup></u></b>	<i>Birthday of King Charles III</i>

### **The Thursday Coffee Morning**

in St Peter's Church is BACK, hopefully alongside our continuing weekly Post Office (but please check for notices in the porch and in The Bugle about the Post Office service).

Pop along for a beverage and cake between 10 and 11.45 a.m.

Please make use of the hand gel and respect others' space. All are welcome!

## **Ugborough and Bittaford Pre- School** (incorporating breakfast club and after school club)

Charity Number 1043499 – *Tess Watkinson*

Opening times: 8 a.m.-6 p.m. Monday – Friday during term time in Ugborough Village Hall.

With a mixture of weather, we have ensured we've made the most of our outside spaces at every available opportunity including visiting our local park where the children enjoy climbing, whizzing down the slide and swinging on the swings. We have also been out to visit the library bus promoting both enjoyment of reading and behaving responsibly in our local facilities.

Our cookery sessions continue to teach the children useful skills such as peeling the vegetables for our Harvest Soup while also enabling conversations about healthy eating and where our food comes from.

Spinning Tots sessions with Jude continue to be thoroughly enjoyed. One very exciting session lately involved the children being 'scared by a thunderstorm' and running to hide under blankets.

November will see us celebrating fireworks night, talking about their experiences, what they may have seen or heard and then creating firework pictures from these memories.

Of course there will also be Remembrance Day for which we will create poppy pictures to go in the church. Parents will also be invited in at the end of the month to look through celebration books with their child.

## **Beryl's Bookworms** – *Anne-Marie Bulgen*

Still Life by Sarah Winman

Ulysses Temper is an English soldier in Tuscany in 1944. At the beginning of the story he is 24 years old and has fallen in love with the Italian countryside. With his good friend, Captain Darnley they have sought out frescoes and other gems of artwork. Ulysses meets Evelyn Skinner, an art historian in her 60s, who is in Italy to help as art that has been looted by German soldiers is recovered. Evelyn is part of the Monuments, Fine Arts and Archives program and this meeting comes to transform Ulysses' life.

After the war Ulysses returns to the East End of London and to his local bar , the Stoat and Parrot which he frequents with a motley mix of eccentric friends, including an African Blue Parrot, Claude, who has "magical powers" since he can, among other skills, quote Shakespeare.

A series of events , which are pretty unbelievable but fun, takes Ulysses and some of his crew back to Florence to run a boarding house where the story continues.

Although a fictitious book it is interspersed with historical events including the flooding of the Arno in 1966 which resulted in Florence being underwater which killed 101 people and damaged and destroyed millions of masterpieces of art and rare books. The book describes

how the community reacted to the catastrophe and how Ulysses and his neighbours looked out for one another. It describes how students, who became known as the "Mud Angels" went to Florence to help the inhabitants and start the clean-up of the city and the art.

Discussions regarding this book in our group were interesting, the majority enjoyed it.

A couple of group members felt a personal connection with the book, one having a relative who had served in Italy in WW2 and another having a friend who was a "Mud Angel".

This is a creative, optimistic and kind story about chosen family and second chances with well-developed characters, which made me laugh on numerous occasions.

I struggled at first with the references to renaissance art and the lack of speech marks but soon settled into this heart warmer and now would like to visit Florence and perhaps even take in a gallery as well as reading again EM Forster's novel *A Room with a View* while having a vermouth.

Our average score was 3.75.

#### **Ugborough Steepers Hedgelaying Group.** - *Graham Gilbert*

Ugborough played host to Devon Rural Skills Trust's annual hedgelaying competition that was held on 1<sup>st</sup> October near Hillhead Cross, courtesy of David and Jane Johns. Twenty-seven competitors took part, including a former national champion. Needless to say the standard was very high.

There were three categories: novice, intermediate, and open, the latter being for those on the top flight. After the rain of the previous days we were blessed with a dry day and some sunshine. The competition began at 9.30 a.m. and finished just after 2.30 p.m. Each competitor had to lay about 6m of hedge that mostly comprised hazel, blackthorn, some holly, dog rose, and oak. The results were amazing!

At the end of the competition we all went over to the farm for lunch and prize-giving. Apart from the three main categories there were also trophies for the best female entrant and the Regrowth Trophy for the hedgelayer whose previous hedgelaying competition had yielded the best growth.

So a good day was had by all, and now Ugborough Steepers have a lot to live up to as we will be finishing off the hedge that was left incomplete, as well as finishing the hedge we were laying along Northways Lane last season. We will be recommencing on Sunday 23<sup>rd</sup> October, then hedgelaying the following Sunday 30<sup>th</sup>, and thereafter every fortnight through to the end of March.

If you would like to come and join us, learn a new skill and help to keep a tradition alive, as well as enjoying good company, please contact Graham Gilbert at [graham@artgilbert.co.uk](mailto:graham@artgilbert.co.uk)

**A wormery: the circle of life** - Graham Wilson, Trustee PL:21 Transition Town

Have you thought about your food waste? At home we bought a wormery several years ago. I think everyone who has a garden however big or small should have one. I have learned what food worms enjoy. They munch away at nearly everything but don't put in meat or lemon skins, etc. They love uncooked peelings, cooked leftovers, mouldy jam, tea leaves and used ground coffee. I discovered that they don't like tea bags, so we have ditched them and buy loose leaf tea. Ours are from Plymouth Tea Company.

As a family of two, the worms eat all our food waste and will eat more. Liquid fertiliser is produced in the tank below and we use this to feed our vegetable garden (especially good for tomatoes). I think that I have 15 litres unused at the moment. Apart from this, we compost all our garden waste and hedge clippings go to create a bug hotel. We don't use our brown bin. The waste turns into a dark compost and needs to be left to dry, before using in your garden. Finally happy worms produce lots of babies and our wormery is much loved. That's my worm news.

**G-UP - Creating a community where it's easy to live sustainably** -Faith Matthews

The Sustainable South Hams Climate Assembly was a fantastic event! Susan Williams and I represented Greener Ugborough Parish at this fact finding and networking day. The breadth of community sustainability groups in attendance was inspiring – ranging from the long established *Sustainable South Brent* through to residents from *Ermington* who are just in the process of forming a group and were equally pleased to meet us as we were them! We came away full of information after 5 diverse hours of sustainability-effort discussion, ranging from wildlife friendly approaches to churchyard management, community schemes for Renewable Energy and specialist discussions for Parish Councils – much of which we aim to feed into our future public meets. You can find out more about Sustainable South Hams and take a look at the climate and nature emergency in relation to Ugborough via the GROUPS page on their website: <https://www.sussh.org/>

At the time of writing, we are preparing for our first Village Hall-based public talk since before the pandemic. Bigbury Net Zero (another inspiring community group) will be taking us through how to reduce chills and bills using a thermal imaging camera (which will now be available for Ugborough Parish residents to loan) to better understand how we can make our homes more heating/energy efficient.

Our next public meeting is on **Tuesday 15<sup>th</sup> November 8 p.m.** in Ugborough Village Hall. Anyone who's interested in reducing their carbon footprint should come along – we'll watch a 15-min film introducing what a carbon footprint actually is and expert David Roe, who instigated an amazing initiative for Parish households to reduce their carbon footprints pre-pandemic, will be there to steer us with what we might best do next for maximum impact. As always, a short amount of time will be kept for other project updates.

These public events are open to all – an opportunity to socialise, discuss green topics, hear about and feed in to G-UP projects. Everyone is welcome, regardless of whether you've been involved in G-UP previously or not, so please come along and together we can make a positive difference.

#### **G-UP Wildlife Trail Camera Loan**

<https://www.ugborough.com/trail-camera-loan>

Have you ever wondered what wildlife there is in your garden when you are not around? Thanks to funding from Devon Local Nature Partnership Community Wildlife Grant Scheme, we have a fantastic Wildlife Camera for anyone in Ugborough Parish to borrow. It takes clear stunning images and 4K resolution video. It can be used day or night and in any weather conditions. It is easy to use and comes with full operating instructions.

To book email [greenerugp@gmail.com](mailto:greenerugp@gmail.com) or come along to our meeting on November 15<sup>th</sup>

### **Pollinator News**

The 2022 wildlife photographer of the year was won by American photographer Karine Aigner with a stunning image of a ball of cactus bees vying for a mate. You don't have to go to the deserts of southern USA to see this behaviour though! Bating balls can be found right here in Devon. The autumn appearing Ivy Bee (*Colletes hederæ*) also displays this behaviour. An emerging female is mobbed by several males all trying to mate with her forming a ball of bees. The Ivy bee is quite easy to recognise, as it feeds from its favourite food of Ivy flowers, with its orange woolly thorax and orange-and-black striped abdomen. They are solitary bees so don't form a hive, but nest individually in holes in sandy banks often with many females nesting in the same area.

**Ivy is very important for wildlife.** It is a vital autumn food for so many pollinating insects providing lots of pollen and nectar when other sources are dying off. Late-flying butterflies such as Red Admirals and Commas can be found nectaring on the flowers on sunny days. In the winter months the berries are an important source of food for birds such as Blackbirds. The ivy provides a refuge for wildlife in bad weather and Holly blue butterflies lay their eggs on its leaves. So, if you want to attract more wildlife to your garden find some space for flowering ivy.

**Budding Artist in our village**

A huge congratulations to Angelie Pickett of Seldons Close.

Angelie won the annual Devon best young landscape artist 2022 (older age group 12-18 years old) competition. The picture was painted in acrylic on canvas and is called 'Ugborough, edge of Dartmoor' the scene is of Ugborough and its imposing Church.

The picture is going on display at the museum of Dartmoor life in Okehampton until the end of October.

One of the judges an Exeter based landscape artist Kath Hadden said " Angelie Pickett's winning painting of Ugborough showed an immense talent for such a young painter. Her technical skill, use of colour and drawing ability was astounding. She is certainly one to watch"

Devon CPRE Director Penny Mills said " I was bowled over by the technical skill and detail of Angelie's painting of Ugborough. At first glance I thought it was a photo."

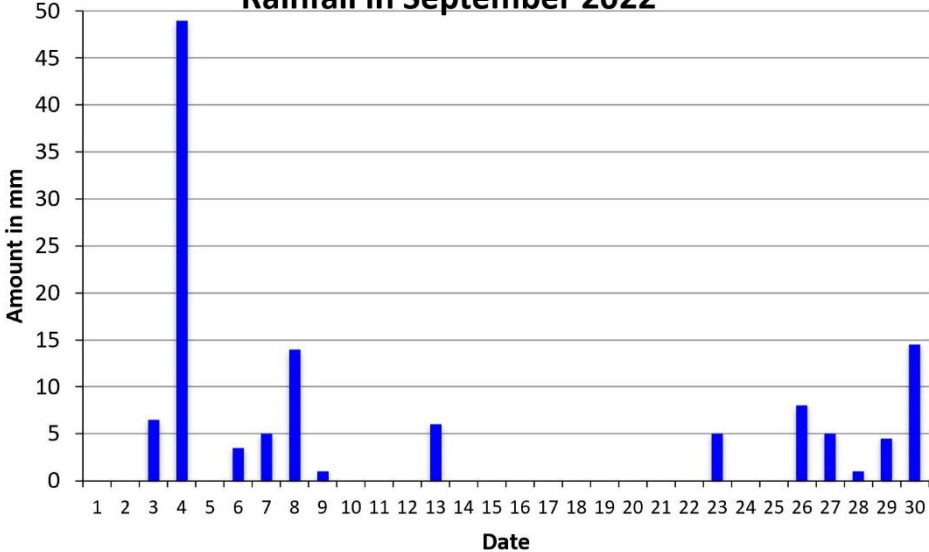

More information on the results of the competition and Angelie's picture can be found on [cpredevon.org.uk](http://cpredevon.org.uk)

**Rainfall at Shellwood Hill** *George Arnison*

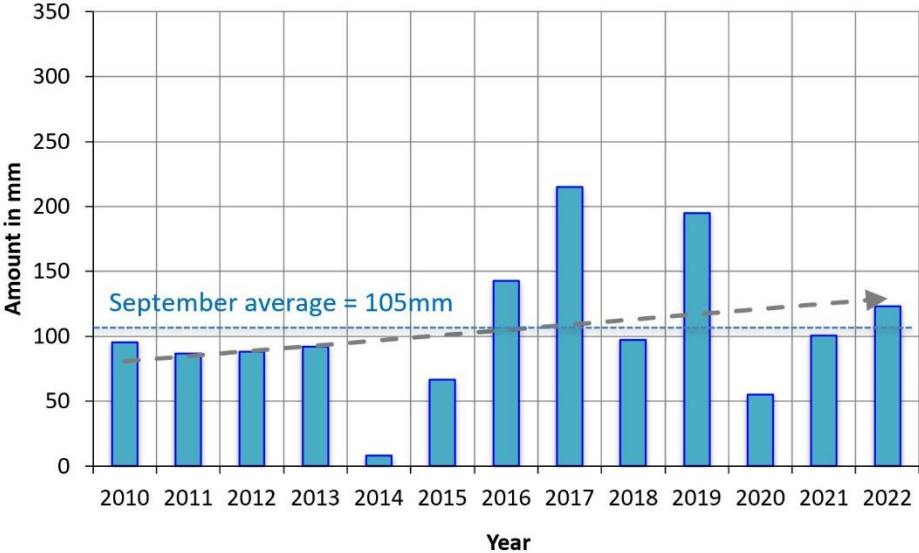

After our exceptional dry summer, September got back to 'normal' levels of rainfall and I recorded 123mm (5") of rain at Shellwood Hill, above the 105mm average for the month. Only February has been wetter so far this year. This was in large part down to the 49mm (2") of rain that fell on the 4<sup>th</sup> of the month...by far the wettest single day of the whole year so far. Despite this – Devon's river, groundwater and reservoir levels all remained low, and our drought status continued.

An appeal once more for volunteers. There are many facets of volunteering; those who have experience with the horses – or feel they can really relate to our participants who come from all the walks of life imaginable! But also, we are in need of those who have IT, gardening, cleaning, mucking out, painting, tack cleaning, coffee making, tidying and chatting skills. We will find a task to suit YOU. Any period of time is helpful, from half an hour to half a day, and you will be made to feel invaluable (which you will be!!).

Please call me for more details – or indeed come and visit. **Everyone** is most welcome to pop in on a Monday, Wednesday or Thursday and see what we get up to, share a beverage with absolutely no obligation!

We have a Safeguarding training session on 22<sup>nd</sup> November.

We are working towards our massive Christmas Draw ... raffle prizes can be donated to the Brook – or to 22, Fore Street. Thank you.

### **Matters raised by members of the public at our last meeting**

We were pleased to welcome 9 residents to the first part of our meeting.

- A member of the public requested that the hedges on the road between the village and Toby Cross be cut. Cllr Fletcher has spoken to the hedge owners and the clerk has contacted LiveWest to request that the entrance to Seldons Close be tidied.
- 8 members of the public wished to record their support for the re-opening of the public toilets as a shared community space with a public toilet. (There were 2 additional votes via email) Cllr Fletcher briefly outlined the situation to date:
  - previous communication with SHDC had revealed an overage clause that would have tied UPC to a payment to SHDC of 75% of any increased value due to change of use
  - The proposal that will be considered later in the meeting is to approach SHDC with the offer of UPC taking responsibility for cleaning the toilet and SHDC to retain ownership and responsibility for maintenance
  - The toilets have been registered as a community asset and therefore must be offered to the community to purchase prior to going on the open market
- Concern was expressed regarding accessibility to the Committee Room, and it was agreed that room availability in the Main Room would be explored. (Please see the note about the change in meeting dates at the end of this update).
- There was a request for an overhanging tree behind the closed toilets in Bittaford to be dealt with. The clerk and Cllr Holway are investigating ownership
- Devon County Council have confirmed that they would be happy for the land under the viaduct to be tidied. This will be on the November agenda.
- Cllr Beale agreed to clean the War Memorial with support from Cllrs Greaves, Slater and Fletcher.

## **Planning**

Council considered 5 planning applications. Noting 3 and supporting 2.

## **Correspondence**

Communication had been received regarding the Council's response to the announcement by SHDC of future charges for green waste collection. It was agreed to forward this communication to South Hams District Council and Devon County Council.

England's first sub-national rural mobility strategy: transforming rural mobility, improving access to local services and decarbonising transport for the South West was noted. Here is the [link](#) if you would like to take a look at this.

## **Bittaford Play Park**

The Localities Officer inspection report was reviewed. The see-saw repairs are due to take place this month. There have been no further issues with the drainage and footpath and the situation is being monitored. Cllr Hart will be meeting with GUP to discuss the possibility of rewilding areas in the park.

## **Public Toilets in Bittaford and Ugborough**

The support for the re-opening of the buildings was noted and the proposal for UPC to cover the cleaning of the toilets at Ugborough and Bittaford if SHDC will provide the building was considered. It was agreed that Cllr Holway would be tasked with discussing the matter further with SHDC to gather more facts and information regarding ownership and specific maintenance, insurance and utility responsibilities, long-term costings, use (just as toilets or as a shared community space and toilets), and overage implications so that a business case could be presented to Council for further consideration.

## **School and Pre-School**

The pre-school is continuing to work with the owners of Cross Park field in the hope that they will get planning consent for their development at the bottom of Fore Street and that the pre-school will be able to rent some space from them to build on.

The Anchor pub have a meeting in October where they intend to discuss options.

## **Change of Meeting Dates**

It was agreed to change the meeting dates to the 2nd Monday of every month with effect from November. The meetings will now take place in the main room of the village hall, and we hope this will be a more accessible and welcoming space for you all to join us and ask questions about local issues. Next meeting Monday 14th November at 7.30 p.m.

## **St Peter's Church: News -Sue Johns**

We enjoyed a well-attended Harvest Service at our All Age Service led by Rev David Sayle and Local Worship Leaders. Children enjoyed craft activities – and many of the congregation brought gifts for the Ivybridge Food Bank. In addition, the collection raised over £75 for the Farm Community Network.

What a fantastic concert we were treated to by the Greenwood Consort on the 16<sup>th</sup> of October. Ian and Mark, with their friends are such professional performers, and managed to relay their infectious enthusiasm to us all. The exceptional acoustics of the church only served to further enhance their skill. As a bonus around £300 was raised for the fabric and mission of the church. Thank you.

It was great to have a Baptism during a service this month. Ophelia Hope Tippet-Taylor, daughter of Faith and Nick smiled and charmed her way through the service with some 60 admiring adults and children watching in the congregation.

Such is life – that the very next day a packed congregation said a fond and sad farewell to Joan May Winzer long time resident of the Parish. May she Rest in Peace.

Don't forget that the shoeboxes for Operation Christmas Child, kindly organised once more by Kate Brampton, need to be delivered to Kate (opposite the Village Hall) or to the church to be blessed at the **All Age Service on November 6<sup>th</sup>**. They will then be sent on their way.

Please note that there will also be a **Service of Remembrance at St Peter's at 10.50 a.m. on November 13<sup>th</sup>**.

And looking further ahead..... we shall soon be practising for the Christmas Celebrations with both a children's choir and an adult choir. Looking for singers and musicians. Watch for Bugle details – we'd love to welcome you.
